

Decorative Wall & Ceiling Linings

A product specifically made for use in high moisture interior applications, available in a large range of decorative profile designs.

Wet Area Interior (easyultra)

Suitable for:

- Interior wet area applications
- Ideal for use in high moisture and humidity areas
- Residential applications: Bathrooms, kitchens, laundries
- Commercial applications: Offices, rental properties, retail, restaurants, apartments, hotels, aged care facilities

Product features:

- Made in Australia using all Australian grown species
- Consistent board surface, no knot holes, splitting or splinters
- Improved high moisture resistant properties
- Features multiple decorative grooving options
- Hidden tongue & groove *easyjoin* system

Comparison to traditional plasterboard:

- No joint sealing or sanding required
- Comes pre-primed for faster, easier final coating
- The *easyjoin* system makes installation 50% quicker

Environmental commitment:

- Easycraft Australia is committed to using the best available environmentally sustainable timber
- Manufacturing under AS 4707:2014 – Chain of Custody compliant management system for certified wood and forest products
